

KAUST Parking Rules

Although parking may not seem dangerous, it can carry unforeseen risks that can be prevented. To avoid these risks, the KAUST Road Safety Code offers the following guidance on parking regulations within KAUST:

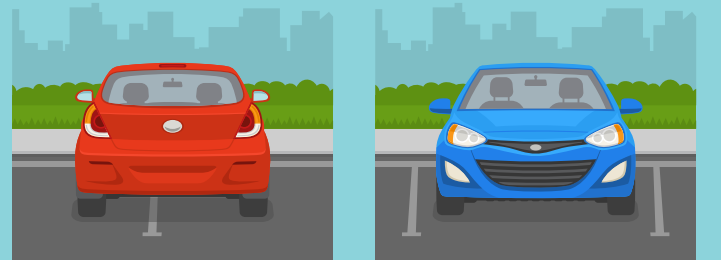

KAUST Parking Rules

Park your vehicle in the designated parking areas,

facing the direction of traffic

General Parking Rules

- Please park your vehicle in the designated parking areas, facing the direction of traffic.
- Please refrain from parking in areas that could obstruct or impede Emergency Services and those with signposts or road markings that prohibit parking, including areas marked in yellow paint.
- Parking a vehicle in areas where it could pose a danger to others is not allowed, for example:
 - On alternative vehicle routes, including bicycle lanes.
 - Places designated for a specific type of vehicle, such as emergency and delivery vehicles, buses, taxis, golf carts, etc.
 - Where it causes any unnecessary obstruction of the road.
- Do not leave your vehicle unattended with the engine running.
- It is important to avoid parking on pavements or sidewalks in order to prevent any harm or danger to pedestrians.
- Only vehicles displaying an official disability permit issued by Security or by the KSA Government may use spaces reserved for person with disabilities.

Areas where parking is prohibited

- On a sidewalk, crosswalk, or within an intersection.
- In a marked cycle lane.
- Beside or to the opposite of any street excavation or obstruction if the vehicle blocks traffic.
- Where road markings are yellow.
- Some parking areas may have spaces equipped with charging stations for golf carts and electric vehicles. Only golf carts and electric vehicles are allowed to park in these designated spaces.

Parking in front of an emergency exit door or other emergency or life-saving equipment, such as a fire extinguisher and AED, is not allowed in KAUST.
