Keeping KAUST Safe - Reduce Your Speed

Health, Safety and Environment, are dedicated to promoting a strong Road Safety culture within our community to ensure that KAUST is a healthy, safe and environmentally sustainable place to learn, work and live.

Steps to Keeping KAUST Safe:

- Drive slowly and be observant on the approach to pedestrian crossings, especially at night time.
- Be cautious and drive slowly when you see pedestrians, especially small children at the side of the road and also be aware of animals.
- Do not speed when there are workers on or at the side of the road.
- Drive slowly past schools when students are entering or exiting schools.
- Extra vigilance is required when driving behind cyclists and e-scooter as most don't have turn signals or brake lights.
- Drive slowly when approaching, entering and exiting car parking areas.

A Slower Speed is a Safer Speed
